

SOLIDARITY

Solidarity's Garnet Food Distribution Shopping List

Thank you for being willing to shop on behalf of a family during the COVID-19 season. As you know, things are difficult, and they can easily become crucial for those who find themselves in a vulnerable place with no safety net. This is why we are asking for partners to shop for a neighbor, and create care packages to be distributed every other Friday in the Garnet community. Solidarity exists to **equip under-resourced individuals, families, & neighborhoods for community transformation**, simply by providing a food care package, you are equipping others for community transformation!
